

Lab 07

- Figure out how to connect a printer to a system unit or laptop
 - Figure out how to configure a printer under Windows or macOS or whatever OS you use
 - If you have printers, also take photos of the connection (Optional, if you do not have a printer, you do not need to this part)
 - Include screenshot and photos of the connection in your lab report
- Check the back of a system unit case or your laptop, and figure out what the type of each port is
 - Describe what ports you find in the lab report
